

Employment Relations Act 2000 and Collective Agreement Updates for Senior Managers in New Zealand Secondary Schools

Mychael Stevenson
PPTA Field Officer

The workshop explores the interface between the 2010 amendments to Employment Relations Act (ERA) and the Collective Employment Agreements (CEAs) relevant to the secondary school sector. The workshop will be a useful employment trend update for participants who attended the previous PPTA workshop at the 2009 NASDAP Conference. Interaction between the speaker and participants will be achieved by using a quiz format.
